See the Dionne Quintuplets

Countless thousands of tourists are going to visit this place, that, again this year to see the world-famous Dionne twins. Don't miss it. Only one day where this attraction can be seen.

No Hay Fever in Muskoka

Perhaps it's the pine-scented breezes...or it's the gardens and beauty parks in Muskoka. Whatever it is, it's a fact that Muskoka is immune from summer hay fever.

Government Inspected Drinking Water

At the Muskoka resorts and hotels, all drinking water is absolutely pure and certified by government inspection. Muskoka water is also pure from a health standpoint. It is treated with a special process which destroys all harmful bacteria and other germs. This water is then bottled and distributed to the hotels and restaurants.

14 Golf Courses in Muskoka

You can tee off amid such beautiful surroundings in Muskoka, that you will be surprised if you keep your eyes on the course instead of the ball. From the first hole to the last, the scenery is magnificent. Muskoka is known for its many golf courses, each with its own unique character. Some are nestled in the woods, while others offer panoramic views of the lake. Whether you're a seasoned player or a casual golfer, Muskoka has a course for you.

The Muskoka District Has 1,649 Square Miles of Vacation Land for You to Roam

The Land of the Lakes is not too far away for a short vacation...or too far for a long stay. It is one day's drive or less from the central cities...just 100 miles from Toronto. For full information about roads, resorts and types of accommodations, write:
